Only Regulars to Stay on Rhine.

"Rainbow" Division Among First Released by Pershing for Homecoming.

Eighteen Transports Leave France in Huge Return Troop Movement.

WASHINGTON, Feb. 25.—Gen. Pershing notified the War Department today that "divisions now in the American Expeditionary Forces, excepting those with regular army designations," would be returned to the United States in the order of the arrival of their respective divisional headquarters in France. This was interpreted as meaning that all divisions excepting the First, Second, Third, Fourth, Fifth, Sixth and Seventh would be returned as shipping was available.

Combat troops not assigned to divisions will be returned in the order in which their service can be spared, and a similar policy has been adopted regarding service of supply troops except that as far as possible these also would be returned in the order of arrival in France.

Gen. Pershing said he estimated the movement of troops, based on tonnage known to be available, and on the German shipping soon to become available, as follows: March, 212,000; April, 321,000; May, 248,000; June, 107,000.

**RAINBOW COMES FIRST.**  
The general said that based on these estimates divisions would be returned in the following order: March, 27th, 30th, 51st, 37th and 91st; April, 26th, 82nd, 32nd, 35th, 43rd, 44th, 32nd, 33rd, 34th, 36th, 38th, 39th, 40th, 41st, 42nd, 45th, 46th, 47th, 48th, 49th, 50th, 52nd, 53rd, 54th, 55th, 56th, 57th, 58th, 59th, 60th, 61st, 62nd, 63rd, 64th, 65th, 66th, 67th, 68th, 69th, 70th, 71st, 72nd, 73rd, 74th, 75th, 76th, 77th, 78th, 79th, 80th, 81st, 82nd, 83rd, 84th, 85th, 86th, 87th, 88th, 89th, 90th, 91st, 92nd, 93rd, 94th, 95th, 96th, 97th, 98th, 99th, 100th.

The announcement from France indicates that in addition to the seven regular divisions, now in France and into which presumably men desiring to remain temporarily are being returned, the American Expeditionary Forces will include the Seventy-eighth and Eighty-first National Army divisions, and a third division, which will be a nine-division strength for the combatant forces, and allow one division for employment in the rear.

**ALL BACK BY AUGUST.**  
Gen. Pershing's message shows that he has laid out a schedule which will bring practically all of the troops, except those in the seven regular Army units, home by not later than the middle of August. The divisions and their auxiliary supporting units were maintained at the front in France, provided 300,000 men after all the National Guard and the National Army divisions had been withdrawn.

Among his callers today was Louis Tonnacher, Minister of Reconstruction. The Premier spent some time early in the day at his desk. The greatest difficulty now experienced by his physicians is in keeping him in his apartment.

Emile Cottin, the Premier's assistant, will be interrogated today by Capt. Bouchardon of the Paris military court. Several arrests were made yesterday, those taken into custody having political inclinations similar to those of Cottin.

**SUBTREASURES CONTINUED.**  
WASHINGTON, Feb. 25.—Subtreasuries at Baltimore, Boston, Chicago, Cincinnati, New Orleans, New York, Philadelphia, St. Louis and San Francisco will be continued at least until July 1, 1920, under an agreement reached tonight by the Senate and House conferees on the legislative, executive and judicial appropriation bill. The House managers yielded to the Senate demand.

**CLEMENCEAU EXPECTED TO QUIT HOUSE TODAY.**

PHYSICIANS HAVE GREAT DIFFICULTY KEEPING "TIGER" FROM WORK.

PARIS, Feb. 25.—Premier Clemenceau probably will be able to leave his residence tomorrow for the first time since he was shot, according to indications today. During the forenoon the Premier received Foreign Minister Pichon, Gen. Morand, Finance Minister Klotz, M. Simon, Minister of the Colonies, and M. Mandel, his chief clerk.

When Sister Thérèse, the Premier's nurse, left the house at 9 o'clock this morning, M. Clemenceau said: "Sister, another two or three days and I shall not have to bother you and my appetite is excellent."

The condition of Premier Clemenceau is very good, Prof. Tuffier, one of his physicians, said today. The Premier had a good rest last night and his appetite is excellent.

**FAMINE IN VIENNA WORSE.**  
VIENNA, Feb. 25 (via Geneva).—The famine in Vienna is growing more painful daily. Further measures less weeks will be announced tomorrow. Dangerous manifestations are feared by the subversive elements, and the only salvation is hoped for from American food supplies, which, so far, are wholly insufficient.

**BUDAPEST QUIET RESTORED.**  
BERNE, Feb. 25.—Quiet has been restored in Budapest after the Communist disorders of Friday and Saturday, says a telegram from the Hungarian capital dated Sunday. All the Communist miners, who started the trouble, are in prison and the police also have arrested the members of the committee of the union of discharged noncommissioned officers and soldiers. The trouble is said to have been due to the economic situation and not to

**NO REPLIES TO WILSON**

Congress Divided on League Plan.

Senators' Views Differ Regarding President's Speech at Boston.

Senate Debate Expected to Pour Forth in Volume After Today.

WASHINGTON, Feb. 25.—President Wilson's Boston speech drew no replies from the floor of the Senate today, but Senators, in informal interviews, expressed widely different opinions of its probable effect.

Senators opposed to the League of Nations pointed out that the President had advanced no new argument for the league and declared their belief that he had not swayed a single vote in the Senate.

Advocates of the league expressed the view that the President had followed the wisest possible course in his Boston speech and had purposely dealt in generalities in order to present the programme in detail to Congress.

**APPEAL TO AMERICA.**  
"I believe it will appeal to the spirit of Americanism," said Senator Hitchcock. "I think that all Americans will be impressed by what President Wilson said of the obligation of the United States to save the critical situation in Europe."

**LULL IN DEBATE.**  
There was a lull today in the debate over the League of Nations but a renewal of discussion is expected tomorrow. Senator Owen, Democrat of Oklahoma, and Senator Cummins, Republican of Iowa, are scheduled to speak.

Although returns were incomplete, last tonight it appeared that Mayor Thompson had not only received a plurality of about 45,000 over Judge Harry Olson, chief justice of the Municipal Court, but had received considerable more than both Olson and Capt. Charles E. Merriam combined.

**SENATORS' OPINIONS.**  
Here are some of the opinions of Senators on President Wilson's Boston speech:

Senator Penrose, Republican: The President's speech did not convey to my mind any definite information of the scope and character of the League of Nations. It dealt in generalities which, of course, appealed to every humane person. It is sufficient to say that I believe in an international agreement which would tend to prevent war by I am utterly opposed to any agreement to barter away the sovereignty of the United States.

**HOUSE OPINIONS.**  
Some of the members of the House expressed their views on the President's speech as follows: Representative Clegg, Democrat of Ohio: What could be better expressed than the details of the agreement and arrangement. Senator Pomeroy, Democrat, Ohio: What could be better expressed than the details of the agreement and arrangement.

**PRESIDENT TO POSTPONE CALL OF EXTRA SESSION.**

Demonstration in House Greets Report of Wilson Signing Twenty-eight Enactments of Congress.

WASHINGTON, Feb. 25.—President Wilson will not call an extra session of Congress until after his return from Europe.

Senator Martin of Virginia, Democratic leader in the Senate, made this announcement tonight, after a conference with the President at the White House. While the President did not state when he expected to reach home after his second trip overseas, Senator Martin gave it as his personal opinion that he would not likely be earlier than June 1.

A message from President Wilson announcing his approval of twenty-eight bills and joint resolutions passed by Congress, and accumulated during his absence overseas, was the signal for a demonstration late today in the House.

**PRESIDENT WORKS TEN HOURS AT DESK.**  
On the first day of his return to the capital, President Wilson put in more than ten hours at his desk, signing bills and joint resolutions, making a score of nominations, discussing government business for three hours with his Cabinet and winding up the day's work by a conference on the legislative situation with Democratic Leader Martin, at which the President announced his decision not to call an extra session of Congress until after his return from Europe.

Whether the President will address Congress is believed to depend upon the legislative situation. Tomorrow night he will discuss the constitution of the League of Nations in detail with members of the Senate and House Foreign Affairs Committee, who will be his guests at dinner, and the belief is growing in official quarters that the President will consider his explanations to them sufficient for the time being.

**DUTY IN EUROPE.**  
President Wilson's extra trip to Europe is believed to have been a necessary one. The President said he would return to Paris immediately after March 4 and was positive that he would not call an extra session of Congress until he returns.

**TO BLAME REPUBLICANS.**  
It was reported that failure of any of the mass of urgent legislation would be charged by the President and his administration to the Republicans. Mr. Wilson was said to have been advised that except for Republican opposition, the present situation was such that all appropriation and other bills could be passed.

**WELCOMER HOME.**  
At 5:45 o'clock the President and Mrs. Wilson left the train, passed through a cheering and hand-clapping crowd in the station and drove quickly to the White House. A few minutes later Mr. Wilson was in his office surveying the tasks that lie ahead of him during the single week that is to pass before March 5, the day set for sailing again for France to take up his interrupted work at the Peace Conference.

**SLAV SOVIETS NOW LIMIT PEOPLE'S BATHS.**  
PARIS, Feb. 25.—The Soviet government in Moscow is regulating the number of baths each person is permitted to take in various public and private bathing places. It has divided the population into three categories, according to French refugees arrived here from Russia. Some are allowed to have twice a month, it is said; some once a month, and others never.

The cost of food is declared to be prohibitive when food can be obtained at all, and a famine, made worse by lack of medicine, was reigning in Moscow when the French left. The Bolsheviks call it the "hunger typhus" and it claims from 2000 to 3000 victims daily.

Premier Lenin, the refugees say, is not affected by the food problem. Lenin has plenty to eat and his bill for fruit and vegetables in a recent month amounted to 60,000 rubles.

## TAFT CHALLENGE HURLED CRITICS

Defies League Opponents to Prove Arguments.

Urges Them to Suggest Other Remedy for War.

Says Constitution Doesn't Deny American Right.

(BY A. P. DAY WIRE.) ST. LOUIS, Feb. 25.—William H. Taft, speaking today at the opening session of the Midcontinent Congress for a League of Nations, challenged Senators Poinsett, Borah and Reed to put their fingers on the clause of the Constitution which forbids the United States to assume the obligations of the covenant of a League of Nations.

"Let him who objects to it suggest another remedy (to prevent war) or hold his peace," he said.

"The fundamental weakness of the attitude of Senator Poinsett and Senator Reed and Senator Borah is that they combine their arguments in pointing out the dangers of the covenant to the United States with the suggestion that we should not make it."

"I think are comparatively slight, while they utterly fail to tender any constructive suggestions to the conference for a method by which peace can be maintained and the just results of the war can be secured."

"If the United States does not enter the League of Nations, the result will be a more offensive and defensive alliance of countries and competitive armaments, followed inevitably by another war, as much more horrible in its destructiveness of armies and peoples and civilization as this one was more horrible than any previous war."

Mr. Taft declared the question now before the American people is not whether a formal treaty shall be ratified by the Senate, but whether the draft report of a proposed covenant and league of fourteen nations represented at Paris shall meet their approval.

PERU FAVORS LEAGUE.

(BY A. P. DAY WIRE.) WASHINGTON, Feb. 25.—All of the leading newspapers of Lima, Peru, state Department advised today, have commended the covenant of the League of Nations and the speech of President Wilson in presenting the text. Dispatches also reported extremely favorable comment by the newspapers of Argentina.

MERGE TO BOOST LEAGUE.

(BY A. P. DAY WIRE.) NEW YORK, Feb. 25.—Announcement of the merger of the World Court League and the New York Peace Society into the League of Nations Union was published today by a joint committee of the two first named organizations.

## UTAH COPPER MINES ORDER NEW WAGE CUT.

ELECTRICIANS AND IRONWORKERS AT GARFIELD STRIKE IN PROTEST.

(BY A. P. NIGHT WIRE.) SALT LAKE CITY, Feb. 25.—Notice of a further reduction of 25 cents a day in wages at the mines of the Utah Copper Company at Bingham, forty miles west of this city, was posted today. The reduction is effective March 1, according to the notice, and is based upon a price of 15 cents a pound for copper. A reduction of 75 cents a day announced several weeks ago was based on 20-cent copper.

Electricians and ironworkers of the American Smelting and Refining Company's smelter at Garfield, fourteen miles southwest of this city, declared a strike today in protest against the recent cut in wages of 75 cents a day. Close to 100 men are said to have walked out, although officials of the smelter say the number is nearer sixty.

It is understood that business agents of the electricians and ironworkers ordered a strike also at McGill, Nev., but no advice from McGill as to the reported order, had been received late today.

METAL TRADES TRYING TO BOLSTER STRIKE.

(BY A. P. NIGHT WIRE.) PORTLAND, Feb. 25.—Bare details of the action taken at the recent Portland convention of the Pacific Coast Metal Trades Association, when a general strike referendum was ordered in protest against the May award, is afforded by the report of the press committee, made tonight by the executive board.

Reference to the strike referendum is embraced in a resolution endorsing the strike of the metal trades of the Northwest, and that a strike vote be taken by the affiliated membership of the Pacific Coast Metal Trades Association.

The resolution continues, "shall not in case a satisfactory agreement is not reached by these conferences the strike shall be called upon the date set."

SEATTLE TO VOTE.

(BY A. P. NIGHT WIRE.) SEATTLE, Feb. 25.—Delegates from the Tacoma and Seattle Metal Trades Council met here in joint session tonight to fix the future steps of the strike called in the shipyards of the two cities nearly five weeks ago, which took 40,000 men from employment. The strike was called in attempt to obtain adjustments in the wage scale granted by the May board.

OAKLAND MEN TO RETURN.

(BY A. P. NIGHT WIRE.) OAKLAND, Feb. 25.—Striking bolshiek makers' helpers last night to return to work in the shipyards tomorrow, with the provision that reclassification of the crafts be made as journeymen bolshiek makers with pay at \$6.40 a day.

SEE END TO STRIKE.

(BY A. P. NIGHT WIRE.) TACOMA, Feb. 25.—Tacoma Metal Trades Council delegates, leaving tonight on a special interurban car for Seattle for joint session with the Seattle Metal Trades Council, expressed the belief that a decision that will mean the end of the shipyard strike on Puget Sound will be reached before adjournment.

No word from President Wilson had been received up to tonight, according to Secretary C. R. Barrett of the council.

SHORTER HOURS FOR NEW YORK PORT MEN.

(BY A. P. NIGHT WIRE.) WASHINGTON, Feb. 25.—The War Labor Board tonight announced an award by V. Everett Macy, acting as umpire for the board, granting marine workers on all New York harbor craft operated by the government and the Red Star Towing and Transportation Company a shorter working day with present rates of pay, but denying the request of the workers for a direct wage increase. The award provides time and a half pay for all overtime and double time for holidays and grants one day of rest in seven.

Sixteen thousand marine workers, or 40 per cent, of the total involved in the recent strike, are affected by the award, which goes into effect March 1 and continues until peace is formally proclaimed.

## NEW TAX LAW NOW EFFECTIVE.

Revenue Bill Becomes Operative as Wilson Signs.

Glass Appeals to People to Pay Cheerfully.

Says "Victory" Measure Test of Patriotism.

(BY A. P. NIGHT WIRE.) WASHINGTON, Feb. 25.—Secretary Glass today appealed to the American people to pay cheerfully the higher war taxes, which went into effect today, with the signing by President Wilson, of the new revenue bill. He referred to it as a "victory tax" to bear the cost of a war which has brought "the inefaceable boon of peace."

Taxes which become operative at once include those on liquor, tobacco, soft drinks, so-called luxuries, such as automobiles, pianos, candy, chewing gum, sporting goods and slot machines; capital stock of corporations, brokers, amusement places, taxicabs and other special businesses.

The revenue bureau's machinery already had been put into operation in preparation for the filing of returns March 15 on incomes, excess profits and war profits, and the collection of the first 25 per cent, installment payment on that date.

Secretary Glass's appeal, asserting that "the war must be paid for," said:

"It is a shallow kind of patriotism that does not burn brightly in time of peace, as well as in time of war. It is a poor sort of patriot who would shrink the duty he steadfastly performed a year ago."

"The income tax last year was a Liberty tax; this year it is a Victory tax, but the purposes of each are the same, to defray the cost of a world's war that has brought to the United States and its assistants the inefaceable boon of peace."

APPEAL TO PATRIOTISM.

The government, therefore, appeals to that higher form of patriotism which is not dependent upon the shouting and the tumult to cooperate in the collection of taxes this year with the same splendid spirit of last year."

President Wilson signed the revenue bill en route to Washington last night, thus putting into operation machinery for collecting \$5,000,000,000 of taxes this year.

Other features of the tax bill which go into legal effect today but which are retroactive and which consequently are not practically affected by the time of the signing of the bill, include the following:

Taxes on incomes, excess profits and war profits; estates and inheritance; and excise taxes on special businesses, such as brokers, bowling alleys, insurance companies, theaters and amusement place proprietors and liquor dealers. Measures to prevent the narcotic drug traffic become effective at once.

On April 1 new taxes on railroad and steamship tickets, pipe line, insurance, theater admissions and club dues and a variety of stamp taxes become effective. Laws against the excess of value of so-called luxuries such as articles of dress, will be made after May 1. The soda fountain tax becomes effective May 1. Taxes on products of child labor will be imposed in sixty days.

SCHOOL-TEACHERS EXEMPT.

Thousands of public school-teachers are exempt from income tax on their salaries and teachers, according to an explanation today by the internal revenue bureau in clarification of its recent announcement that salaries of all officers and employees of State, county, city or other municipal or other local governments are not to be taxed. This also applies to policemen, firemen and other public employees.

An advisory tax board of six members will be appointed soon by Internal Revenue Commissioner Roper to hear appeals from taxpayers or revenue officials concerning the fairness of assessments and questions growing out of the auditing of returns. Indications from last year's experience are that thousands of cases will be submitted.

Five new deputy revenue commissioners also are to be appointed and the divisions of the bureau organized.

It will cost the American people about \$1,200,000,000 for the next twenty-five years to pay off the war debt, according to treasury estimates made on the assumption that the net war debt, with deductions for loans to the Allies will be in the neighborhood of \$18,000,000,000. Interest on this amount at the rate of 4-1/2 per cent, would be \$765,000,000 a year. In addition, about \$417,000,000 would have to be provided every year as a sinking fund to redeem bonds.

Treasury officials assert that if Congress authorizes a sinking fund as recommended by Secretary Glass, bonds might be bought up on the market each year or called for redemption as the periods provided in terms under which they were sold.

TAX BILL SIGNED, RUSH STARTS HERE.

MONEY PAID IN ADVANCE IS DEPOSITED IN BANKS, ROOPER WIRE'S CARTER.

With the signing yesterday of the new internal revenue bill by President Wilson, it will be the duty of the dealers in tobacco, cigars and liquors in the Sixth District, to at once fill out the inventories of what is known as the floor stock, for the calculation of the floor tax. These inventories must be in the hands of Collector of Internal Revenue Carter within the ensuing thirty days.

Collector Carter yesterday received the following telegram from Internal Revenue Commissioner Roper:

"President signed revenue bill February 24. Is effective February 25. Please give officers and employees this message from me: Time is short for completion of our great task. Every man will eagerly put forth extraordinary effort to insure success in collecting largest sum ever brought into your office. Government needs this revenue to preserve the victory our men have won. Careful planning and execution necessary to avoid confusion and to secure effective administration of the law. Precision important in every transaction. Records must be kept current. Every possible assistance and cour-

## WILL ANSWER TAX QUESTIONS.

If You are Uncertain What You Should Pay Ask "The Times."

If there is something about the income and excess-profits tax law that you do not understand, write the question plainly and address it to the financial editor of The Times. Arrangements have been made with the Collector of Internal Revenue to have questions submitted in this manner answered by experts connected with his office.

Because the new law affects nearly everyone whose income is \$1000 or more a year, there are many points about the bill which may not be fully understood. Ignorance of the law, however, will not be accepted as an excuse for non-payment, and everyone should make it a point to ascertain his exact status in relation to the filing of the return and the payment of the first installment, which is due not later than March 15.

Complex propositions, requiring detailed abstract treatment involving intricate legal points of limited application, should be avoided by inquirers.

Answers should be extended to taxpayers. Let clear thinking and sympathetic co-operation characterize our efforts each day. Shown for the office should be "keep in balance." Bureau awaits returns confident every man will meet the situation with determination and achieve record that will reflect honor and credit on your district.

With the new bill crystallized into law, the thousands of dollars collected by the force of Collector Carter, Monday, in anticipation of the action of the President, were deposited in the local banks. Yesterday repeated the scenes of Monday at the office of the collector. Hundreds of taxpayers surged into the rooms set apart for the forces of the collector, to secure information as to the making out of the returns, to prepare them, and in scores of cases, to make the requisite one-fourth down payment.

CONGRESS AGREES TO KEEP SUBTREASURIES.

(BY A. P. NIGHT WIRE.) WASHINGTON, Feb. 25.—Subtreasuries at Baltimore, Boston, Chicago, Cincinnati, New Orleans, New York, Philadelphia, St. Louis and San Francisco will be continued at least until July 1, 1920, under an agreement reached tonight by the Senate and House conferees on the legislative, executive and judicial appropriation bill. The House managers yielded to the Senate demand.

The House had voted to abolish the subtreasuries next July 1. It agreed to in conference, the bill carries about \$28,000,000, including the provision for a pay increase of \$240 annually to government employees to meet the increased cost of living.

HOUSE PASSES BOOK BILL IN NEW MEXICO.

(SPECIAL DISPATCH.) SANTA FE, Feb. 25.—With only two dissenting votes, the House of the Fourth New Mexico Legislature this afternoon passed a bill to provide free text-books for all school children. The bill had been pending nearly six weeks. If the bill is concurred in by the Senate it is estimated the cost to the State will be \$175,000 yearly.

Provision is made that books must be disinfected before being issued a second time.

The State now has a law providing free text-books for all children whose parents are unable to pay.

## WAR BOARD APPROVES TRADE WITH GREECE.

(BY A. P. NIGHT WIRE.) WASHINGTON, Feb. 25.—Virtually unrestricted trade with Greece was authorized today by the War Trade Board. Coincident with this announcement the board made public advice from the French government that French import restrictions had been removed from a large number of commodities.

The commodities released from the French import restrictions include certain foodstuffs, live animals, animal products and bi-products, oils and vegetable extracts, medicinal roots and herbs, dyeing and tanning materials, stones and minerals, combustibles, chemicals, colors, except varnishes, various compositions, earthenware, glass and crystals, worked skins and furs and manufactures of metal.

# MIDDLE WEST NEWS IN BRIEF

[EXCLUSIVE DISPATCH.]

**KANSAS CITY, Feb. 25.**—Special Judge Burns of Platte county has ordered the bill of exceptions for the appeal to the Supreme Court in the case of Joseph S. Chick, sentenced to two years in the penitentiary for fraud in connection with real estate transactions, to be completed within sixty days. The court stenographer was at first given sixty days, but failed to finish the work. Chick cannot be tried again until the Supreme Court passes on the appeal, and the appeal cannot be removed until the bill of exceptions is filed.

A delegation of military police visited the police board today and arranged a meeting to discuss plans to curb the sale of liquor to soldiers in hotels.

The large stone house of P. J. Hughes, seventy-third and Prospect, was destroyed by fire early this morning with a loss of \$10,000. One hundred and fifty thousand dollars will be raised by the finance committee of the Mayor's home welcome committee to entertain homeless soldiers. It is estimated that 50,000 soldiers will be entertained before all the boys get home.

[EXCLUSIVE DISPATCH.]

**OMAHA, Feb. 25.**—Miss Gertrude Beatty, aged 28, walked into the office of Dr. Willard Quigley, pulled out a thousand dollars and offered him the money if he would kill her. She says she is in ill-health. The Union Pacific Railroad is taking a census of women employed on its entire system and affiliated lines with a view to replacing them by returning soldiers.

The city of Omaha has let a contract for \$200,000 for paving, regardless of price, just to start industry. It announces a similar contract in two months and a million-dollar contract by summer.

Sir Horace Plunkett, president of the Irish convention, and a big sportsman here today, arrived here today. He will interview prominent Irishmen all over the country before returning.

The Society for Betterment of Boys and Girls announces a quarter-million-dollar home will be built at Twenty-second and Jones streets.

[EXCLUSIVE DISPATCH.]

**DES MOINES, Feb. 25.**—Ernest Rathbun, confessed rapist, pardoned by Gov. Harding from a life sentence, is now behind the walls of the Anamosa reformatory starting to serve a ten-year sentence for perjury. He was under life sentence for the crime of which he was pardoned.

## PANAMA LIQUOR BAN IS PASSED.

Senate Adopts Bill Making Zone Permanently Dry.

Importation of Intoxicants or Narcotics Forbidden.

Prohibition Goes Into Effect in Washington.

**WASHINGTON, Feb. 25.**—Permanent prohibition in the Panama canal zone is provided in a bill passed today by the Senate and sent to the House. It forbids importation of intoxicants or narcotics. The zone already is "dry" by presidential order.

A favorable report on the bill of Senator Sheppard of Texas to enforce the war time prohibition law, was ordered today by a Senate Judiciary subcommittee, defining intoxicating beverages as those containing more than one half of one per cent. of alcohol and authorizing search and seizure of liquor believed held for sale. The bill does not prohibit storage of liquor for personal use.

Except for the embassies and legations, Washington went "bone dry" today under a provision of the new revenue law withdrawing the immunity which the capital heretofore has enjoyed from the Reed amendment forbidding the importation of intoxicants into prohibition territory.

Hundreds of shipments of liquor on their way from Baltimore were held up outside the district lines. Embassies and legations are extra-territorial properties and are not affected by the bone dry provision, according to the internal revenue bureau, although no formal ruling has been given on this point.

When war time prohibition becomes effective July 1, all American territory will be dry except the Philippines, which will not be affected until the constitutional prohibition amendment goes into effect January 16, 1920. All other insular possessions or territories of the United States already are dry under legislative act or executive order.

**HARRISBURG (Pa.) Feb. 25.**—The State Senate today passed the House joint resolution ratifying the national prohibition amendment. Pennsylvania thus becomes the forty-fifth State to ratify.

**DENVER, Feb. 25.**—In the House of Commons today, Cecil B. Harmsworth, Undersecretary for Foreign Affairs, denied the British government had made diplomatic representations to the United States government on behalf of British investors who may suffer losses as a result of the spread of prohibition in the United States.

Mr. Harmsworth said the British Embassy in Washington had reported that no proposition had been made by the United States government for compensation of British investors who may suffer losses as a result of the spread of prohibition in the United States.

**INDIANAPOLIS, Feb. 25.**—The Indiana House today adopted a minority report from the Judiciary Committee favoring the passage of the Laughlin House bill to repeal the Public Service Commission law and to restore the Railroad Commission.

A majority report of the committee recommended indefinite postponement.

A second company of Regular Army soldiers may soon be sent to Fort Benjamin Harrison for guard duty, Capt. H. Larsen, new commander at the fort, said today. Another company is needed to aid in guarding the many automobile trucks at the fort, he said. Capt. Larsen succeeded Maj. H. C. Smith as commander of the post. Maj. Smith is attending the officers' training school camp at Humphries, Va.

Another cold spell hit Indianapolis today, the temperature dropping from 45 deg. early this morning to below freezing by evening. Ten degrees above zero is predicted for tomorrow. A high wind accompanied the cold wave.

**CLEVELAND, Feb. 25.**—Howard P. Eells, Cleveland financier, who died in California February 13, left an estate of \$1,150,000, according to a will probated today. Among the bequests were three of \$5000 to as many Cleveland homes for children.

It is believed that the Cleveland Federal Reserve Bank is the purchaser of the downtown property occupied by the Masons' headquarters, which also may contain government mint, financial men here said today.

Cleveland's Home Welcome Committee today decided upon July 4 the day when the city would officially celebrate the return home of its 50,000 soldiers.

## INFORMATION BUREAU PLANNED BY BRITISH.

(BY ATLANTIC CABLE AND A. P.)  
LONDON, Feb. 25 (via Montreal).—The setting up of a department of public information is being considered by the British government, according to a statement made by a government official, announced in the House of Commons today. He said that attention would be given to the undersupply of information to the government propaganda on controversial questions, but he thought there were many subjects on which information could be circulated.

## BEAUTY SPECIALIST TELLS SECRET

A Beauty Specialist Gives Simple Home Made Recipe to Darken Gray Hair.

Mrs. M. D. Gillespie, a well-known beauty specialist of Kansas City, recently gave out the following statement regarding gray hair:

"Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair, and make it soft and glossy. To a half pint of water add 1 ounce of bay rum, a small box of Barbo Compound, 1-4 ounce of glycerine. These ingredients can be bought at any drug store at very little cost, or the drugist will put it up for you. Apply to the hair twice a week until the desired shade is obtained. This mixture will make a gray-haired person look twenty years younger. This is not a dye, it does not color the most delicate scalp, is not sticky or greasy and does not rub off."

## LIFT OFF CORNS!

Apply few drops then lift corns off with fingers

Doesn't hurt a bit! Drop a little Frezzone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! A tiny bottle of Frezzone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Frezzone is the sensational discovery of a Cincinnati genius. It is wonderful.

## BRAVE BROOM TO SERVE WRIT.

Strategy of Deputy Sheriffs Wins Against Woman.

One Holds Front Trench, the Other Kicks in Back Door.

Well-known Chemist may Lose His Furniture.

Strategy won a battle yesterday when Deputy Sheriffs Val Cary and D. W. Griswold sought to serve a writ of possession upon Emma Drost of 1855 West Twenty-ninth street.

The writ was obtained by Mrs. Thera Skalla against Charles N. Skalla, a well-known chemist, formerly of Milwaukee. When the officers arrived to gain possession of about \$700 worth of furniture which the courts had awarded to Mrs. Skalla, they found all doors locked. Emma Drost, who was formerly in the Skalla home in Milwaukee, stood guard. With martial certainly she charged with a broom on the officers, who retreated to hold council.

While Deputy Griswold faced the music at the front door and braved the broom, his associate kicked in the screen door at the back and "disarmed" the woman.

According to Attorney Lawrence

L. Larrabee, who obtained the writ, the chemist secured a divorce in Milwaukee, but the decree was not assid. Mrs. Skalla was awarded \$100 a month for separate maintenance, and the furniture. When Mr. Skalla and the other woman are alleged to have come to California the case was transferred here, and judgment was obtained.

Mr. Skalla was not at the Twenty-ninth street house when the officers called. When they reported to Eugene Biscailus, assistant chief deputy in the civil department of the Sheriff's office, they made application for courtplaster to patch up several scratches on their faces.

## STRING OF GARAGES.

Wealthy Brothers Plan Chain Between Here and San Francisco.

Francis J. Brassell, scion of a wealthy French-Spanish family of Mexico City, and owner of several gold-producing properties in Kern county, will leave this morning for Mexico to attend to the purchase of considerable acreage, which includes a small valley near Mexico City.

On his return to this city in a fortnight Mr. Brassell and his brother plan to open a series of garages from here to San Francisco along the San Joaquin Valley route. The deal will involve an expenditure of about \$150,000. A new garage is to be built here by them at once.

Mr. Brassell has for some time been identified with the mining business in California, and is part owner of the Nevada, the product of which was commandeered by the government during the period of the war.

## FOR PRACTICAL HERO MEMORIAL

Movement for City Library Building is Launched.

First Unit of Civic Center to Include Auditorium.

From One to Two Millions is the Estimated Cost.

At a mass meeting in the Ebell Club House last night the Los Angeles Center of the Drama League of America adopted resolutions in favor of a civic center as a practical hero memorial for Los Angeles.

The resolutions incorporate the idea of erecting a public library and municipal auditorium as the first unit for the proposed civic center. A committee of seven to center with Mayor Woodman and his civic center committee, was appointed, as follows: Charles Farwell Edson, chairman; Dr. Allison Gaw, Mrs. W. H. Anderson, Miss Gertrude Darlow, Mrs. B. C. Sutton and Mrs. J. B. Stearns.

It was the sense of the meeting that from \$1,000,000 to \$2,000,000 might profitably be spent in providing this city with a suitable civic center. H. B. Woodfill, president of the Merchants and Manufacturers' Association, who is a member of the Civic Center Committee, said he had learned that the city pays \$90,000 a year rent for office and business buildings other than its own property. That sum he says is equal to 4 1/2 per cent. a year on \$2,000,000, or 3 per cent. on \$1,400,000. He pointed out that such a sum might well be put into permanent city buildings, and said that it should be done without unnecessary delay.

Dr. Walter Lindley defended the movement of Los Angeles in taking up the civic center idea by saying that the city had been occupied for many years with the building of her great aqueduct and that the development of aqueduct power and harbor work had still further delayed beautification here.

"Being without a library building of our own is a disgrace," he added. "A suitable library with a beautiful municipal auditorium should be one of the leading features of our civic center. The intellectual side of life depends upon schools and libraries. We already have the schools. Let us provide ourselves with a magnificent library building."

That the most ignorant people set the pace for a democracy was the point made by Charles Farwell Edson. He said that the slottest would always look back the more progressive element and that Los Angeles should lose no time in providing herself with a great building to house a greater library, and that there should be some arrangement for the advancement of art and music. He pointed to the municipal auditoriums of St. Paul, Denver, Kansas City and other cities, and declared that Los Angeles should have facilities equally as good in order to keep pace with the progress of another decade.

"Our hero memorial should conserve and promote the ideals for which the great war was fought," asserted Dr. Allison Gaw. "Our library is not housed in a building as such as the population of Los Angeles deserves. Los Angeles deserves and can afford the best. The printed and spoken word is the best medium for the dissemination of ideas. We can only reach the people with the uplifting things by having a fine library and municipal auditorium."

L. E. Behrmer added a few words on behalf of the musical and dramatic interests of the city. He said that the best operatic companies in the world could be brought here if their productions could be properly staged. "If we build a new library and municipal auditorium," let us have it on the pivot of traffic," he added, "in order to accommodate the greatest number of people."

Prof. E. H. Clark of the University of Chicago said he had just come from Germany, where he had seen materialism, bankrupted. "And," he added, "if Los Angeles expects to go on forever building nothing but aqueducts and factories she will some day find herself bankrupted by materialism. Only a good library and music hall can future generations learn the ideals of civilization," he said in conclusion.

## MANY AT PASADENA'S SPORT-CLOTHES BALL.

LOS ANGELES WELD REPRESENTED AT ANNUAL AFFAIR AT HOTEL GREEN.

The great winter colony centered in Pasadena and Los Angeles was mobilized at the Hotel Green in the Crown City last night at the annual sport-clothes ball, which is one of the big events of the winter season. The interior of the hotel was converted into the out-of-doors, canopies, hammocks and porch chairs and greenery being used. Several Los Angeles stores had displays of sports clothes and outing goods.

The hundreds of guests at the ball were attired in the latest and smartest modes in outing togs. There were many dinner parties at the Green, Huntington and Maryland, and the clubs preceding the ball. Among those who entertained at dinner parties were Mrs. S. A. Kormendie of Los Angeles, Mrs. O. F. Smith of Los Angeles, J. J. McLaren, Mrs. Oliver H. Gann, Charles Cook, Mrs. LeRoy Linnard, John D. Dunn, Lieut. Borden and others.

A supper dance was given late in the evening, at which an elaborate programme of entertainment was given. Another big social event of the winter season will be the annual masque at the Hotel Maryland tonight.

## LOTS OF MONEY TO BUILD ROADS.

Left Over from Last Year, it will be Used for Work in Various Sections.

With plenty of funds on hand this year, road building in the county will start in various sections. Supervisor McClellan, chairman of the division of highways and bridges, reported to the board yesterday that there was on hand on December 31, 1918, \$517,369 from the 1917 and 1918 State motor vehicle tax fund. This fund accumulated because the war slowed up road work.

The largest items for 1919 included work on the Lexington-Gallatin road, Doheny drive, Workman-Mill road, Tenth avenue, Burr avenue, Camp Baldy road, Redondo-Torrance road, Temple-Mission bridge and Sanford bridges. Supervisor McClellan's report will be sent to the State Highway Commission.

## G.A.R. POST FETES DEPARTMENT HEAD.

MAYOR WOODMAN SPEAKS AT ANNUAL REUNION OF ROBBLEY D. EVANS CORPS.

In honor of Department Commander J. H. Roberts, a reception and annual reunion was held last evening by Robbley D. Evans Post and Corps of the G.A.R. in Patriotic Hall. Eighteenth and Figueroa streets. Col. B. B. Ray, executive officer of the zone supply department of the Quartermaster Corps, presided, and James Hunter, a relative of Lieut.-Gen. Hunter Liggett, was programme chairman.

Mayor Woodman, the principal speaker, spoke of the part of the G.A.R. in the coming reconstruction.

The reunion brought together a large number of the members of the society from various parts of the Southland. The programme included an Aaron Hoffman-Samuel Shuman "Patriotic Encores," by Mae S. Enderly; a vocal solo by Mrs. Kathleen Hope, and the prologue from "Patriotic," by Sig. M. Frascana. In addition, there was a tableau, "Peasant Bride," of Russian, Italian, Austrian, Norwegian, American, Dutch and French national music, accompanied by Mrs. Caroline Hall.

The honor guest, J. H. Roberts, said the world is looking forward to great developments from a League of Nations, and that Germany must for some time be kept in subjection.

## GETS PROBATION.

C. J. Madrid was allowed his liberty yesterday by Judge Willis for a probationary period of two years.

One of the conditions was that the man should not go to Vernon. Madrid pleaded guilty to the theft of a sack of rice and other articles from the store of Mrs. N. M. Bailey, 2053 Santa Fe avenue, but said he had been drinking. He was found with the rice on his back. Officers traced his course from the store by a trail of rice, caused by a hole in the rice sack.

## SEEKING DAMAGE.

An automobile belonging to a local school for girls and a Los Angeles Railway car collided February 24, 1919, and Miss Estelle Louise Summer and Miss Dorothy Fisher were injured. Yesterday, through guardians, they filed suit against the railway company for \$25,000 damages each, naming also as defendants Jessica Smith Vance and Frederica de Laguna, proprietors of the school. The young ladies allege they are permanently disfigured as a result of the accident.

## WOMAN SLASHES MAN FROM EAR, DOWN BACK TO PIT OF STOMACH.

Charles Kampling, colored, 37 years old, living at 2144 East Fifth street, was probably fatally wounded last night in his room, when Mrs. Viola McCloskey, also colored, of the same address, drew a razor from his left ear down across his back and ending at the pit of his stomach, nearly disemboweling him. He was rushed to the Receiving Hospital and given emergency treatment by Dr. Dunsmoor who stated that while the wound was the longest he had ever attempted to sew yet the man has a bare chance of recovery. When questioned by Detectives Ingram and Cowen, Mrs. McCloskey stated that Kampling had attacked her the night before. She and her husband were locked up on charges of suspicion of assault to murder.

## LEMON JUICE WHITENS SKIN

Girls! Make beauty lotion at home for few cents

Squeeze the juice of two lemons into a bottle containing ounces of Orchard White, shake well, and you have a quarter pint of the best bleaching and skin-whitening lotion and complexion beautifier at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant, luscious into the face, neck, arms and hands each day, and see how tan, redness, sallowness, sunburn and windburn disappear, and how clear, soft and rosy-white the skin becomes. Yes! It is harmless.

## MILLIONS USE IT TO STOP A COLD

"Pape's Cold Compound" ends severe colds or grippe in few hours.

Relief comes instantly. A dose taken every two hours until three doses are taken will end severe colds or grippe in a few hours in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and sniffing! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound" which costs only a few cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.

## It has that ripe tomato flavor

The Waiter knows—

Some day when you are not very hungry and you don't know what to eat—let him recommend a dish, and tell him to bring along a bottle of DEL MONTE Catsup.

Watch his smile of approval.

He will know that you have selected the best appetizer possible, and that his recommendation is bound to please you.

And when it comes on the table and your appetite wakes up, just remember that a bottle of DEL MONTE Catsup on your own table at home will help you to get more enjoyment out of the meals you eat there.

But be sure it is DEL MONTE—look for the red shield on the green label. That guarantees you catsup at its best—pure, wholesome, delicious—with the full natural flavor of the fresh-picked, ripe tomato.

The waist seam model. Very military, very popular; full-chested, trim-waisted; single and double-breasted.

Clothes that stay stylish, fit, wear and always look right.

—for young men and older men, for the man who prefers conservative style or the man with snappier, more pronounced tendencies.

Hart Schaffner & Marx Clothes are better clothes. They are better in value, better in style and better in quality. They are made only from the finest pure all-wool fabrics.

You get better value because Hart Schaffner & Marx are the largest makers of good clothes in the world. Every suit is carefully made by the best expert tailors. The style is always correct.

We are proud to be the only store in Los Angeles that can offer you such clothes and such values. The security of satisfaction is the double guarantee (the makers' and ours) back of every Hart Schaffner & Marx suit.

In our windows this week is a remarkable display of the new Hart Schaffner & Marx models. See them.
